Congressman Anderson To Lunch Here April 21

Congressman Jack Anderson will be in Daly City for a short visit, Wednesday, April 21, at a luncheon at Shorty Roberts' Drive Inn, noon. Anyone wishing to see him is welcome to be there.

With a congressional investigation of war conditions bringing him to the Bay area, Congressman Anderson is planning a brief tour of his district during his stay on the Coast. He is planning a series of conferences with civic leaders in the various cities in this congressional district.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

Want to make a list of things changed by war conditions? You might start with cuffless trousers, vestless suits, no tires, overshoes or garden hose, one cup of coffee and half the sugar, no Sunday driving—but the list is only started.

So it's pleasant to know that the better brands of beverages are still unchanged in the standards established in peacetime conditions. They must still meet the quality tests set up and guaranteed by reliable wineries and distilleries.

Soldiers Write Letter To Record About Day Room

The Daly City Record, this week, received a letter from the soldiers in this area, explaining the situation as it now stands on their day room and donations for it.

Both they and The Record heartily thank the many townspeople who responded to this plea for materials for the day room.

Here is the letter—

Dear Mrs. Boynton:

Just a note to thank you for your continued interest in the matter of our day room, and to again thank all the people who responded to your appeals.

Due to the fact that we have had to hold down the size of our present day room, we find that our needs have been well taken care of as a result of your action and feel that there will be no point in asking further furnishings or donations of any kind.

A word too to those whose donations we have not yet picked up. We have had a considerable curtailment of our transportation recently so that we are only able to pick these donations up when transportation is available, which is not often, but we will be able to take care of everything within a short time.

For the Commanding Officer,
Gene R. Atkinson,
Second Lieutenant, Signal Corps.

"THEY GIVE THEIR LIVES"

"They give their lives—you lend your money."

That's Uncle Sam's call to every man, woman and child in America—an urgent, imperative plea for help in the Second War Loan Drive, which opened Monday, April 12.

This is no small drive for this is no small war. The goal is 13 billion dollars and every dollar of that amount must be loaned to the government during April.

The money is needed to meet the expense of America's gigantic war program, now fingering out in offensive drives in every corner of the world. In other words, Uncle Sam is short that amount for the balance of the 1943 fiscal year.

Over and above 12 billions raised by taxes, 13 billions are needed to supply the planes and tanks, the guns and ammunition needed by our fighting men, risking their lives on land and sea and air.

"They give their lives—you lend your money."

As Treasury Secretary Morgenthau says: "This is not a war that can be won with spare change. Mere tokens of a few nickels a week will not do the job."

It behooves every citizen in this community—in every state, city and hamlet in America—to respond to the limit. And remember, whatever you do, you are only LENDING your money—lending it at INTEREST—setting aside a nest egg for later years—and helping to keep down inflation, besides.

Some Help With "Difficult Dates"

People who have difficulty remembering dates are in for much worse headaches than ever before, now that rationing has made the "date" all-important.

To make life a little simpler, this newspaper runs a tabulation of those dates which mean food, clothing, tires, and escape of penalties in this column, each week.

April 11—"C" red stamp became valid, War Book Two.
April 15—last day to pay first installment state income tax.
April 19—"D" red stamp good during this week.
April 25—"E" red stamp is now valid; expires at a date to be announced later.
April 25—last day to use coffee stamp No. 26 in Sugar Book for purchase of 1 pound of coffee.
April 30—Red stamps "A," "B," "C," and "D" expire.
April 30— Blue stamps D, E, and F, for purchase of rationed processed foods, expire.
May 1—deadline for non-deferable men to get war work or fight.
May 1 — Last day to use coupon 12 in Book One, good for 5 pounds of sugar.
May 21—last day to use No. 5, "A" coupon for 4 gallons of gasoline.
May 31—last day to use Coupon 12 in War Book One for 5 pounds of sugar.
June 15—last day to use Coupon 17 (in the sugar book) for purchase of shoes (one pair).

RIPE STRAWBERRY JAM

4 cups prepared fruit
6½ cups sugar
1 box powdered fruit pectin

To prepare fruit, grind or crush thoroughly about 2 quarts fully ripe berries.

Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 5- to 6-quart kettle, filling up last cup or fraction of cup with water if necessary.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, ¼ teaspoon butter may be added). Continue stirring, bring to a *full rolling boil*, and boil hard 1 minute.

Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

Clean as a whistle

Spring cleaning seems to be more important than ever this year because most of us are spending more of our leisure hours at home. But that's not the only reason that this cleaning job has taken on greater proportions. Most of us have to do practically everything ourselves. It's not as easy as it used to be to call up a cleaner to come and take the chesterfield, chair or ottoman out to be given a general going over. That's *our* job now.

Those grand upholstery cleaners on the market today are really a salvation to the busy homemaker, for the results are close to miraculous. The dirt that's been collecting on those upholstered pieces seems to evaporate into thin air, and the colors become alive with a freshness akin to new.

You'll find these cleaners, along with a host of other cleaning products that lighten work remarkably, on your grocer's shelves all ready to go to work for you.

UPHOLSTERY CLEANING TECHNIQUE

The directions for cleaning upholstery are usually given on the product, but we've a few hints in addition that might prove helpful.

If you're an amateur at this cleaning job, then start out on an inconspicuous spot, say under one of the cushions or on the back of the sofa. A little practice on these hidden surfaces, and you'll see just how to go about cleaning the whole piece. But don't try to cover the whole cushion or sofa at once. Take a small space at a time and clean it thoroughly before going on to the next surface. It takes a little patience and time, but you're well-paid for the trouble. Usually, one application is enough, but if the piece is quite soiled, then give it a second cleaning when it is thoroughly dry.

CLEANING NON-WASHABLE DRAPERIES

This same upholstery cleaner has more than one use. It's grand for draperies which can't be washed. Shake the draperies and air them well, but keep them in the shade while they are airing.

Then place individually over the ironing board, and clean as you would upholstery, taking only a small surface at a time. When thoroughly dry, press carefully, using a cover cloth.

RUG HOUSECLEANING

For that professionally cleaned appearance, use upholstery cleaner on your small rugs, too. Large rugs are jobs for expert dry cleaners. In cleaning, start right by vacuuming both sides of the rug and airing in the shade. Don't beat rugs for it weakens the fibers and shortens their wear. Clean a little at a time, letting rug dry between cleaning. To equalize the wear on rugs, turn them frequently.

"Arabian Nights" Now At Daly City

Hollywood magic reaches lofty new heights in Universal's "Arabian Night," according to the flood of enthusiastic raves by critics who have witnessed initial showings of the new Technicolor innovation. The picture, presented by Walter Wanger Productions, comes tonight to the Daly City theatre and stars Jon Hall, Maria Montez and Sabu.

Rarely has any cinema venture been anticipated with livelier interest, and reports indicate that the picture will come up to every expectation. It is significant to note that advance announcements stress the adult entertainment element of the film, which would indicate that the full fascination of the original Arabian Nights tale has not been sacrificed.

The story, dealing with the romantic adventures of Sherazade, exotic dancer of Bagdad, moves swiftly against the vivid background of the Orient. Described as a gleaming panorama of desert warfare and slave conquest, the plot highlights the rivalry of two princely brothers over the affection of the dancer.

Maria Montez, glamorous Latin star, appears as Sherazade, while Jon Hall and Leif Erikson portray the brothers who fall under her spell. Sabu is said to have his most colorful role, and others in the imposing cast include Billy Gilbert, Edgar Barrier and Shemp Howard.

Producer Wanger is declared to have assembled a multitude of Hollywood's most beautiful girls market sequences, while others were recruited for spectacular dancing scenes in which Miss Montez is featured.

Important characterizations are contributed by Thomas Gomez, Turhan Bey, John Qualen, Charles Coleman and Richard Lane. Attractive feminine players include Elyse Knox, Acquanetta and Carmen D'Antonio.

Lemon Juice Saves Oil For Other Purposes

By BETTY BARCLAY

SALAD perfection depends upon the dressing. Lemon juice is a natural "ready-to-serve" dressing ideal on lettuce or other salad greens, tomatoes, avocadoes, grated raw apple or carrots, as well as many combination vegetable or fruit salads. This juice brings out subtle taste values in the foods blended together and at the same time adds its own fresh goodness and dietetic value.

Lemon juice as a dressing may be served plain or with salt, sugar or honey added. When used in this manner, this citrus juice frees the oils ordinarily used in salad dressings for other cooking purposes and thus helps the "save-the-fat" program now being carried on extensively by our government.

If a cooked dressing is preferred, one that is gaining popularity now because it uses no oil is the following GOLDEN SMOOTH DRESSING, pictured at the left above:

Combine and cook in double boiler until thickened:

2 eggs, slightly beaten
¼ cup sugar
¼ cup lemon juice
½ cup orange juice

Chill. If desired, fold in ½ cup cream, whipped. This is especially delicious when served with a fruit salad. Makes about 1 cup.

A new taste thrill to be used for variety as a salad dressing, requiring no oil, and equally delicious on fruit or vegetables is a Cottage Cheese Dressing. It is easily prepared by combining and blending the following ingredients — beating well until smooth:

Cottage Cheese Dressing
(Makes 1 cup)

2 tablespoons lemon juice
6 tablespoons cottage cheese
6 tablespoons evaporated milk
¼ teaspoon salt
2 tablespoons sugar or honey
Dash of paprika
1 tablespoon chopped chives, if desired

The Lemon French Dressing pictured above at the right, requires less oil than many similar dressings because lemon juice is used to provide the nippy flavor appeal and combines with the oil to give the desired base. As a marinade this dressing is especially good for it brings out hidden flavors giving a well seasoned effect. It may be used as a dressing from the foundation recipe or may be changed to suit individual taste with the additions mentioned below:

Lemon French Dressing
(Makes 1 cup)

½ cup lemon juice
½ cup salad oil
1 teaspoon each of salt and paprika
2 tablespoons sugar or honey

Shake well before serving. Add ½ teaspoon celery seed and clove of garlic, if desired.

Additions

Sweet French Dressing (for fruit salads): Add ½ cup red jelly or another ½ cup honey.

Special French Dressing (for fruit salads): Add 1 tablespoon each of finely cut blanched almonds, watercress, and cherries.

Roquefort Dressing (for greens): Add ¼ cup nippy cheese, crumbled.

Lorenzo Dressing (for vegetable or meat salads): Add 2 tablespoons chopped watercress and 2 teaspoons chili sauce.

READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

ADD the year 1846 to the list of important dates in American history. That's the year which decided the size and shape of things to come for our country, according to Bernard DeVoto, who has written a great book about it. The title is "The Year of Decision: 1846" and it's the Book-of-the-Month Club selection for April.

BERNARD DE VOTO

It was in 1846 that the United States engaged in a war with Mexico that brought into its boundaries New Mexico and California. It was in that same year that the great Westward movement of covered wagon trains made the country a continental nation reaching from the Atlantic seaboard to the Pacific, and that the Mormons made their trek to the Great Salt Lake.

It was in 1846, also, that the problem of free states versus slave states was first brought into the open, a problem that was solved only by the Civil War. Mr. DeVoto even goes so far as to say that it was in 1846 that the Civil War itself was really decided, when a young Army Lieutenant noted the terrible fire power of massed artillery, in an engagement against the Mexicans and remembered the maneuver twenty years later. The Lieutenant's name was Ulysses S. Grant.

"The Year of Decision: 1846" is a fact book that reads as excitingly as fiction. There is the story of John Charles Fremont and the Bear Flag Revolt in California, of Francis Parkman on the Oregon Trail, of Doniphan's march with the First Missouri. There is the full account of the tragedy of the Donner Party, which got lost in the snows of the High Sierras and, in hunger, desperation and panic, turned to cannibalism to ward off starvation.

Here's some miscellaneous information culled from "The Year of Decision: 1846":

The discovery of gold in California was brought about because of a slight engineering miscalculation. James Marshall was building a sawmill for John Sutter. The water wheel was set too low and so the channel had to be deepened. That deepening brought up the first nuggets that developed into the Gold Rush of '49.

The notion that the westward migration was made up of penniless adventurers is false. It took money to equip a wagon train, and those who were most hit by the depression couldn't afford to do so.

One of the reasons the United States was able to acquire Oregon from Great Britain was that a British commission sent to investigate the territory reported that it "had found the country insufficiently supplied with hot water for bathing."

The War Isn't Fought In Fox Holes Alone

No, the war isn't fought in fox holes alone. Nor in planes alone, or ships, or tanks. It's fought on the home front as well as the battle fronts. It's fought by every loyal man, woman and child in the United States and its possessions.

There's not much use in our boys giving their lives for our freedom if we are not doing all we can ourselves to preserve that freedom. And there are so many ways we can fight the war right here at home. First, of course, we must buy war bonds—and keep buying them. That's how we make our dollars fight. Then we can sign up for a vital job in civilian defense. Thousands in San Mateo county are already trained to meet any emergency, but more are needed. Air raid wardens, plane spotters, auxiliary police and firemen's aides, all have their important tasks to perform in event of an emergency, an emergency that is almost certain to come!

Now America's greatest bond drive is underway. Our government must raise 13 billion dollars in war bonds this month. This means that everyone of us must increase our bond purchases for this period. It means that we've got to show our boys at the fronts that we are squarely behind them, all of us, all-out for victory! Your civilian defense organization realizes the importance of making this drive a success. Let's show the world we can do it!

THEY GIVE THEIR LIVES ..... YOU LEND YOUR MONEY!
